Good (+3)	Empathy	Stealth			
Fair (+2)	Burglary	Culture	Athletics		
Average (+1)	Fight	Will	Notice	Investigate	

BACKGROUND

Species/Background

Human/Street Urchin

Culture Feats

Use Culture instead of:
Contacts when dealing with beggars or other street urchins
Physique when resisting disease or malnutrition
Notice to spot hidden caches or useful junk

STUNTS

Quick Escape: Gain +2 when using Athletics to overcome obstacles in chases or escapes.

It Was Just Lying There: Use Burglary instead of Investigate when searching for useful items in wreckage or abandoned places.

Little Dog, Big Bark: Once per session, spend a Fate Point at the beginning of a scene to create a surprise advantage against a larger or more powerful opponent.

EXTRAS

DESCRIPTION

Annie is wiry and quick, with patchwork clothes pieced together from salvaged materials. Her hair is often tucked under a cap or scarf, and she always carries a worn but reliable vibroknife at her side.

PIRATES OF HAVEN

BIOGRAPHY

Annie grew up on the fringes of Haven, surviving by scavenging parts and supplies in the maintenance tunnels and forgotten sections of the biodomes. Resourceful and scrappy, she's learned how to outwit bullies and bargain with pirates. Her sharp instincts make her a natural at finding trouble—and occasionally getting out of it.

She says her father is a ship captain who will return after his current voyage, but most who know her believe that she is an orphan.

INVENTORY

Vibroknife
